It is astonishing how great a change a few years of married life often make in the appearance and disposition of many women. The freshness, the charm, the brilliance vanish like the bloom from a peach which is rudely handled. The matron is only a dim shadow, a faint echo of the charming maiden. There are two reasons for this change, ignorance and neglect. Few young women appreciate the shock to the system through the change which comes with marriage and motherhood. Many neglect to deal with the unpleasant pelvic drains and weaknesses which too often come with marriage and motherhood, not understanding that this secret drain is robbing the cheek of its freshness and the form of its

fairness. As surely as the general health suffers when there is derangement of the health of the delicate womanly organs, so surely when these organs are established in health the face and form at once witness to the fact in renewed comeliness. Nearly a million women have found health and happiness in the use of Dr. Pierce's Favorite Prescription. It makes weak women strong and sick women well. Ingredients on label-contains no alcohol or harmful habit-forming drugs, made wholly of those native, American, medicinal roots most highly recommended by leading medical authorities of all the several schools of practice for the cure of woman's peculiar ailments.

For nursing mothers or for those broken-

down in health by too frequent bearing of children, also for the expectant mothers, to prepare the system for the coming of baby and making its advent easy and almost painless, there is no medicine quite so good as "Favorite Prescription." It can do no harm in any condit on of the system. It is a most potent invigorating tonic and strengthening nervine nicely adapted to woman's delicate system by a physician of large experience in the treatment of woman's peculiar allments.

American College Students Have Too Much Liberty.

By Colonel HUGH L. SCOTT, Superintendent of the United States Military Academy. OLLEGE students in this country have too much

The system is based largely on the German, WITHOUT REGARD FOR THE MORAL TRAIN-ING of the student. This is going too far in the direction of liberality. The German student, as a

rule, has had a military training earlier. There is no such training here. The freedom of the German system is for the man whose habits and character already have been formed.

The American boy, who has not had such formative training, should have the character FORMED FOR HIM and not left to his individual caprice.

THE NATION GREATLY NEEDS LARGER LEAVEN OF MILITARY DISCIPLINE, SUCH AS WEST POINT GIVES, TO INCREASE THE RE-SPECT FOR LAW AND FOR THE DUTIES OF CITIZENSHIP, AND THE COLLEGES OUGHT TO FURNISH IT.

### Japanese People Demand Social Equality.

By Dr. WILLIAM ELLIOT GRIFFIS of New York, Founder of the American System of Schools In Japan.

HE basis for the trouble with the Japanese in California is the CONGESTION OF THE RACE in that state. The whole matter can be happily solved if the Japanese and the Chinese will but SCATTER THROUGHOUT THE UNITED STATES. The same problem exists in any part of the country where any foreign race gathers in large numbers. There are waste lands in the gulf region which no one but a Japanese can develop. He would have a flourishing rice field there within a year. \* \* \*

But do not misunderstand the attitude of the Japanese people. THEIR NATIONAL PRIDE IS EQUALED NOWHERE IN THE WORLD BUT BY OUR OWN. They will be LEADERS, and they will play no part nor will they enter into any treaty with any nation which gives them a subordinate position.

THEY INSIST WITH ALL THE DETERMINATION OF A RE-MARKABLE PEOPLE UPON SOCIAL EQUALITY WITH THE WORLD, AND TO GET IT THEY WILL FIGHT ANY NATION UNDER THE

They would cheerfully enter into a war with the United States at any time if that equality WERE DENIED THEM, and they OUGHT TO HAVE IT. And if the United States is willing to let California, the tail of the dog, wag the dog on this question it DE-SERVES TO FACE A CONFLICT.

#### Acting Together, Japan and America Can Hold Dominion Over Pacific.

By Governor JAMES N. GILLETT of California.

ODAY the relations between the United States and Japan are very friendly. Both are great powers among the nations of the world. Both stand in a position geographically to DOMINATE AND CONTROL THE COMMERCE OF THE PACIFIC.

ACTING TOGETHER THEY CAN DICTATE THE POLICIES WHICH OTHER NATIONS MUST PURSUE IN THE FAR EAST AND CAN PRESERVE THE TRADE THERE. AS FRIENDLY ALLIES MANY BENEFITS WILL INURE TO BOTH NATIONS AND A GREAT COM-MERCE CAN BE CARRIED ON BETWEEN THEM TO THE ADVAN-TAGE OF OUR PEOPLE, BUT AS ENEMIES THE COMMERCE OF BOTH CAN BE DRIVEN FROM THE OCEAN.

Every reason, therefore, exists why there should continue between Japan and our government the most friendly relations, and it is the expressed wish of each nation that this shall be so.

#### Marriage Is Nothing But Legalized Slavery.

By UPTON SINCLAIR, Socialist and Novelist.

ARRIAGE in this day is nothing but LEGALIZED SLAVERY. The AVERAGE MARRIED WOMAN IS BOUGHT just exactly as much as any horse or any dog is bought-this lovely blond for half a million, going at half price; this gorgeous brunette on the bargain counter today-\$20,000 a year will buy her.

That's what it all means, this display and parade and music and feasting and flowers. Every woman with a daughter is a matchmaker, and she is LOOKING FOR BARGAINS too.

WOMEN WILL NEVER MARRY FOR LOVE, AND FOR LOVE ALONE, UNTIL THEY BECOME ECONOMICALLY INDEPENDENT. THE MARRIAGE OF TODAY IS WORSE THAN A FARCE-IT IS A HIDEOUS TRAGEDY. ABOUT ONE MARRIED COUPLE IN TEN THOUSAND IS HAPPY.

#### Cities Will Soon Rule The Entire Nation.

By Rev. JOSIAH STRONG of New York.

THE time is coming when the CITIES WILL DOMINATE THE COUNTRY.

BY 1940 THERE WILL BE 21,000,000 MORE PEOPLE IN THE CITIES THAN IN ALL THE REST OF THE COUNTRY. The cities will no longer go down on their knees to the legislaures, but will GATHER THE REINS OF GOVERNMENT IN THEIR OWN HANDS.

Then as in the case of Belgium and France, there is an important faction of the Austria and Germany, Great Britain Republicans of Indiana who favor tariff revision and are determined to inguages seldom subsist together in har- clude a tariff reform plank in the state platform. Whether such a plank is rejected or adopted by the party it is pretty sure to manifest a division in the ranks and this would be a weakness to a presidential canvass. Why should not the Indiana Republicans adopt tariff revision? Why not favor a maximum and minimum tariff as Senator Beveridge suggested? Then if the G. O. P. is lucky enough to win out it will be easy enough to again fool the people by preserving the present tariff schedules as the minimum rates and make the maximum rates 20 to 30 per cent. higher.
